

**QUIKSILVER**  
*windsurf school*

2006 - ...

Quiksilver windsurf school grew out of passion and love for sea, wind and waves. It all started among friends and spread around... Today you can find us on various windy locations in the world. A group of friends, best Slovenian windsurfers is organizing windsurf clinics on various windy locations. There, we share our windsurfing knowledge and experiences with people, who have the same dream: to depend on wind and water and to enjoy the sport, that gives you energy, adrenaline and bond with nature. We welcome windsurfers of all levels - from total beginners to advanced sailors, who want to achieve perfection in their skills. Today, Quiksilver windsurf school is more than just a clinic or school - it is a community, growing every day ...

# Destinations

El Tur, Dahab / Egypt: destinations that work through all year and suitable for all levels of windsurfers. (CAMPS ARE ORGANIZED in February, July, August and November)

El Medano / Tenerife: suitable for all levels of windsurfers and a first-time shore break experience. (CAMP ORGANIZED in March)

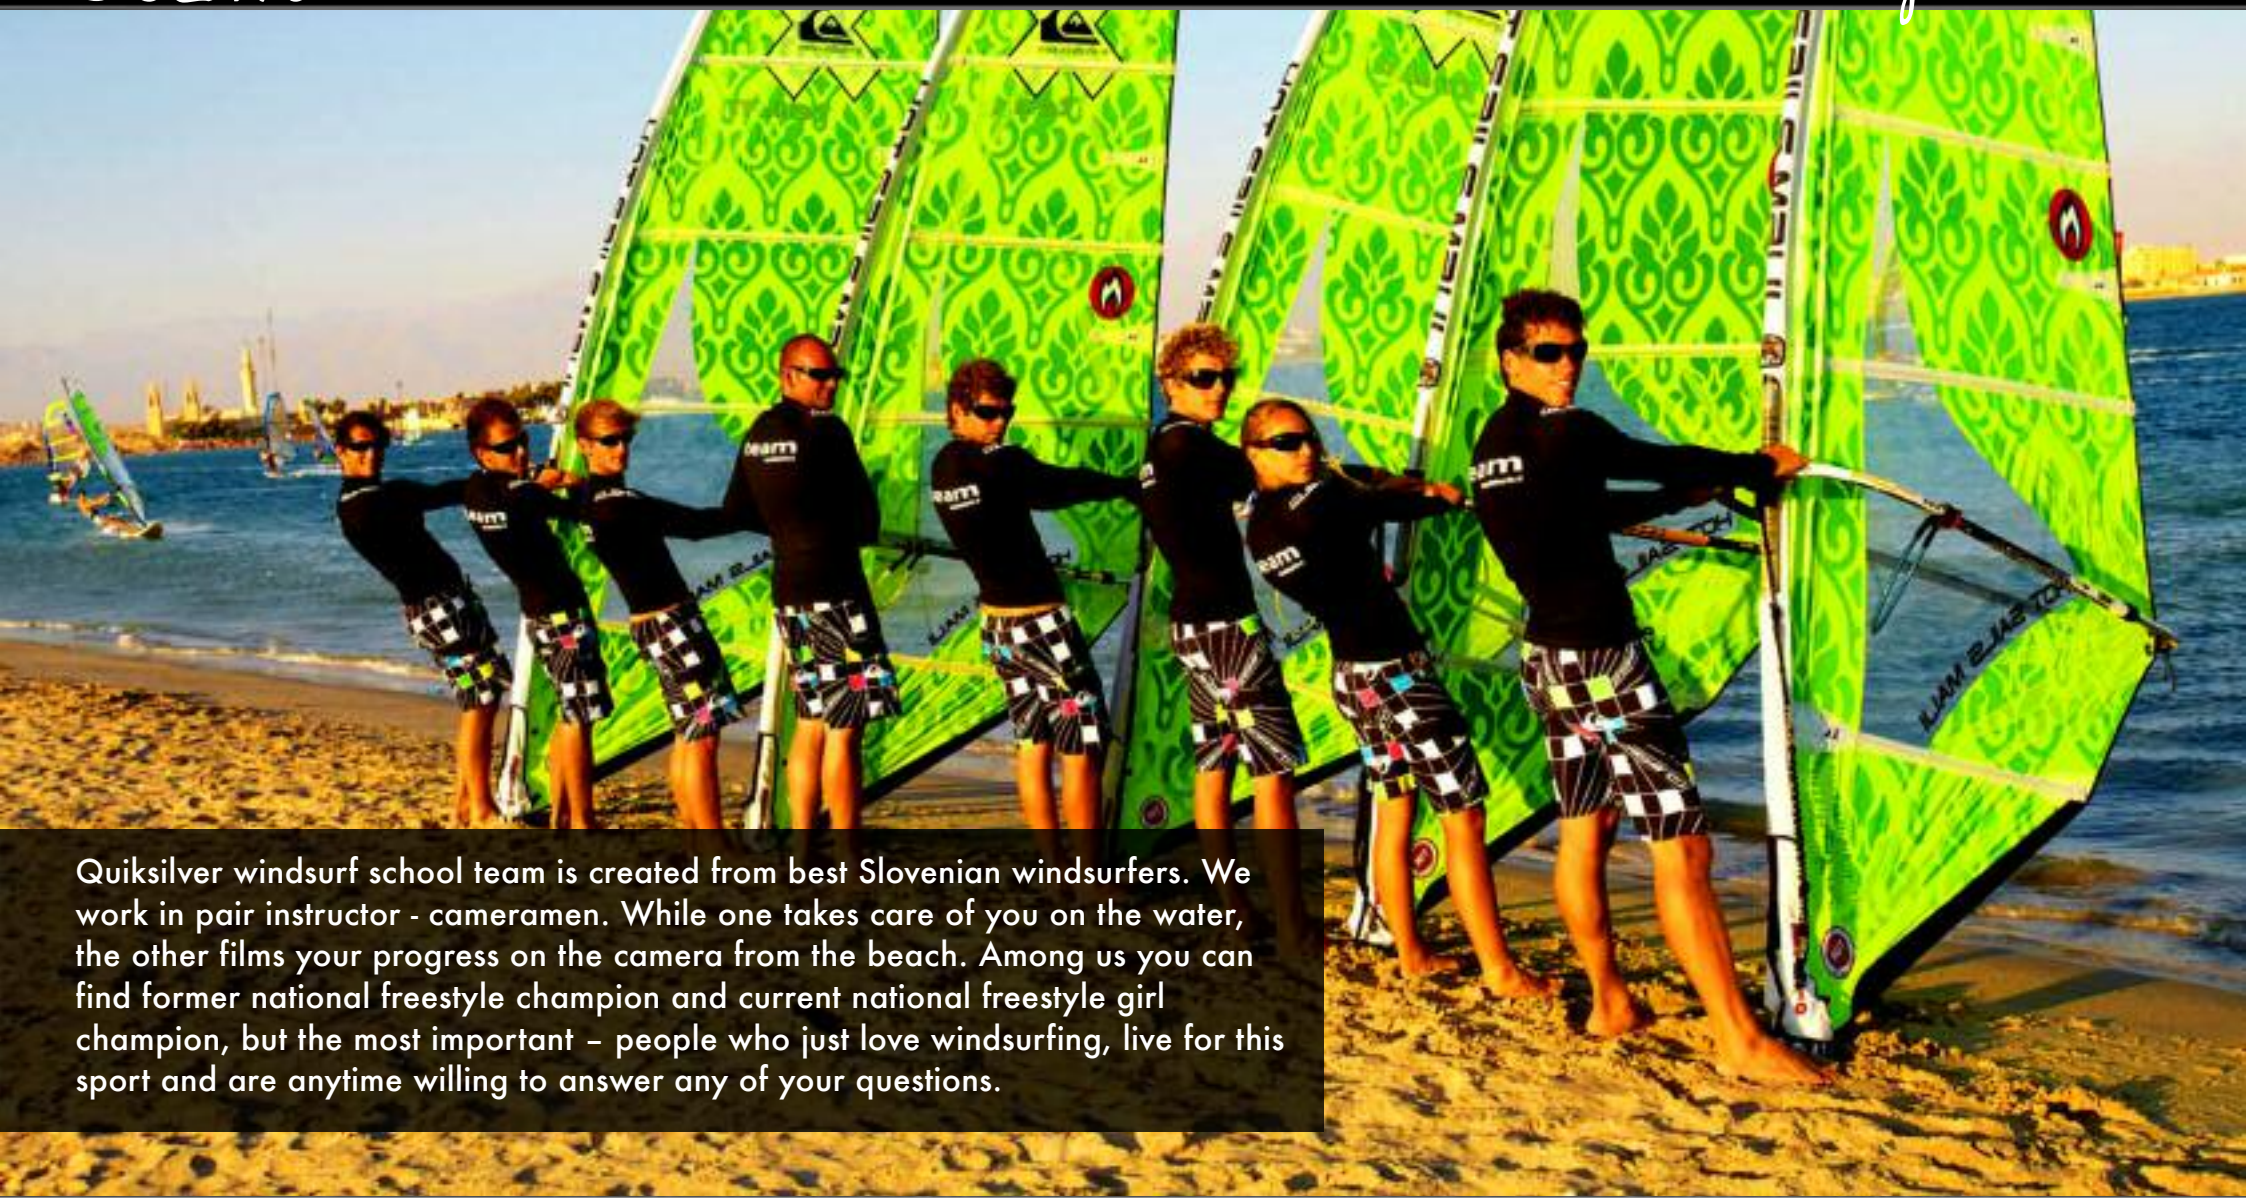

Essaouira / Morocco: destination that thanks to Atlantic waves invites more advanced sailors. We organize advanced/freestyle courses and special "wave experience" for less experienced windsurfers. (CAMP ORGANIZED in May)

Alacati / Turkey: destination, organized in case, when we are not in Morocco. Suitable for all levels of windsurfers. (CAMP ORGANIZED in May)

Vasiliki / Greece: suitable for all levels of windsurfers. Very good for families, since we organize special windsurf courses for kids and offer daycare so that parents can enjoy in sailing. (CAMP ORGANIZED in June)

# Team

Quiksilver windsurf school team is created from best Slovenian windsurfers. We work in pair instructor - cameramen. While one takes care of you on the water, the other films your progress on the camera from the beach. Among us you can find former national freestyle champion and current national freestyle girl champion, but the most important – people who just love windsurfing, live for this sport and are anytime willing to answer any of your questions.

# School in numbers

5 years  
6 destinations  
36 weekly camps  
20 sails with own design  
18 published fotogalleries  
20 published promo movies (on windsurfer.si / youtube.com / vimeo.com / and local windsurf pages)  
19 parties for all participants and other people from Slovenian windsurf community  
over 800 personalized windsurf videos (that each participant gets on a CD)  
over 1000 courses  
postcards, stickers, roof rack covers, promo water bottles ...

# School

On the basis of long time experiences in windsurfing and a lot of done courses, Quiksilver windsurf school team developed own method of teaching windsurfing, that turned out to be extremely successful and guarantees fast progress. Smaller groups of students first get to know the theory in the land and on simulators, then practice on the water and see their progress/mistakes on evening video analysis. That our method is successful, we see also through the numbers – on every camp we have more than 50% of people, that have been with us before.

# School

In Quiksilver windsurf school we offer courses for all ages and for all levels. We welcome people that get in touch with the sport for the first time, we have special methods and equipment for the youngest participants (from 5 yrs on) and we welcome elderly people too. We believe windsurfing is sport for all ages – our oldest student is 73 years old! For those, who can already windsurf, we have a special program to eliminate possible mistakes, to improve their style or to teach them some freestyle moves by their choice.

# Side activities

In Quiksilver windsurf school the point is not just to teach windsurfing. In morning hours, we organize morning exercises or yoga, in case of no wind we organize some light wind competitions, trips to nearby mountains, snorkeling trips ... Also after the return home, we take care with several events, that our students keep in touch with us, with other students, with windsurfing scene in general and that they continue with the sport. If needed, we help them to buy their own kit and we are always available for any further questions.

# Our partners

Quiksilver windsurf school works with different partners.  
Quiksilver is our main partner and takes care of our appearance with clothes, boardshorts ...  
During lessons, instructors use custom designed HotSailsMaui sails, for better visibility. The majority of our team also uses HotSailsMaui sails in our free time.  
The majority of the team uses Fanatic boards – mainly freestyle boards, we also mostly teach in windsurf centres, equipped with Fanatic boards.  
In all school sails and in our private sails, we use Caas RDM masts with 100% carbon.  
Samsung is our general partner on the technical area – we use full HD Samsung camcorders and DSLR and underwater Panasonic photo camera.  
To get better shots and more variety in filming, we also use full HD Go Pro cameras.  
Shred takes care of our eyes with high quality sunglasses.  
69Slam is our partner, that makes sure, we all use the right underwear ;)
